LANGUAGES

- English (Fluent)
- Hindi (Fluent)
- Gujarati (Native)

OBJECTIVE

Frontend Developer with **5+ years of experience** crafting high-performance, responsive UIs using React.js, Next.js, Tailwind CSS, and modern JavaScript frameworks. Specialized in building scalable frontend architectures and integrating APIs to deliver seamless user experiences. Known for clean code, pixel-perfect designs, and rapid delivery using modern DevOps and collaboration tools. Currently open to remote/hybrid roles.

WORK EXPERIENCE

UI/FRONTEND → JUNIOR DEVELOPER

CHETSAPP PVT LTD — RAJKOT, INDIA

📅 2019 – 2021

First professional role, focused on high-quality HTML templates and UI product design for marketplaces like ThemeForest.

Key Contributions:

- Designed and developed 2 commercial-grade UI products:
 - [Snail HTML Template](#)
 - [VIPSPM Project Suite](#)
- Learned and applied web standards, Git versioning, animations, and pixel-perfect UI with HTML5, CSS3, JS, and jQuery.
- Gained foundational experience in product lifecycle, browser compatibility, and template structure.

FULL STACK DEVELOPER (FRONTEND FOCUS)

ENCIRCLE TECHNOLOGIES PVT LTD — RAJKOT, INDIA

📅 2021 – 2022

Worked across 8+ client projects using various stacks in a fast-paced service environment.

Key Contributions:

- Built and maintained web apps in React.js, Angular, Laravel, WordPress, and Node.js.
- Led frontend development for custom admin panels, business websites, and CMS-based platforms.
- Strengthened UI design skills, component-based development, and dynamic integration with various backends.
- Played a cross-functional role in both frontend and backend teams.

WORK EXPERIENCE

FRONTEND DEVELOPER – REMOTE

ZERODISTANCE PVT LTD — BENGALURU, INDIA

📅 2022 – 2023

Contributed to high-profile enterprise applications for private clients (e.g., TATA, Bengaluru Airport).

Key Contributions:

- Developed complex web UIs using React.js, Node.js APIs, and REST integration.
- Participated in remote multi-team collaboration using GitHub Advanced workflows.
- Focused on building responsive, production-ready UIs with performance in mind.
- Maintained high code quality, accessibility, and agile communication with cross-functional teams.

FRONTEND ENGINEER / CONSULTANT

JAITRAS INFOSOFT (FREELANCE) — REMOTE

📅 2023 – PRESENT

Launched freelance career with focus on full-scale development, client interaction, and cross-team execution.

Key Contributions:

- Delivered multiple projects in React.js, Next.js, Node.js, especially in ERP/CRM systems and business portals.
- Collaborated with multiple teams and startups on bug fixing, UI optimization, and rapid delivery.
- Worked on scalable dashboards, admin panels, and customer-facing web apps.
- Gained experience in team leadership, client demos, deadline management, and modern project workflows.
